

PRC General incorporated association Platform for regional cooperation

Platform for regional cooperation works with the government, local authorities, companies, educational institutions and Civil Society Organization to promote Sustainable Development(SD), Education for Sustainable Development(ESD), Social Innovation, Disaster Risk Reduction and Media and Information Literacy(MIL).

Ensure that all learners acquire the knowledge and skills needed to promote SD, SI, DRR and MIL.

To strengthen the framework that enables Civil Society Organization(CSO) and other groups to actively participate in the creation of a sustainable society through school and community education.

ESD & DRR (Education for Sustainable Development: Disaster Risk Reduction)

• Advocacy

we recommend Education for Disaster Risk Reduction focusing on a SDGs-centered ESD and Sendai Framework for Disaster Risk Reduction.

Further, we request that efforts will be made so that Education for Disaster Risk Reduction aim to “ensure inclusive and equitable quality education and promote lifelong learning opportunities for all” (Target 4, SDGs) and will enable to “ensure that all learners acquire the knowledge and skills needed to promote sustainable development through various kinds of education for the contribution to ESD and sustainable development” (Target 4-7, SDGs).

• Action

Sendai bosai mirai Forum / Presentation

Alternative Summit "The Citizens' Ise-Shima Summit" /the sectional meeting for “Education”
